## Small Sided Football Update 2012

We have noted that a few things are unclear in regards to Small Sided Football and we advise as follows:-

Coaching is permitted on the field for U5 only.

U5 to U7 - Attacking players are to retreat to the half way line for goal kicks. No attacking player can enter the other half of the field until the ball has been touched by two players.

U5 to U7 - All players are to be involved in the game. This means no player should be standing in front of the goal acting as a goalkeeper.

U8 to U10 - Attacking players are to retreat a third of the field for goal kicks. No attacking player can enter the third of the field until the ball has been touched by two players.

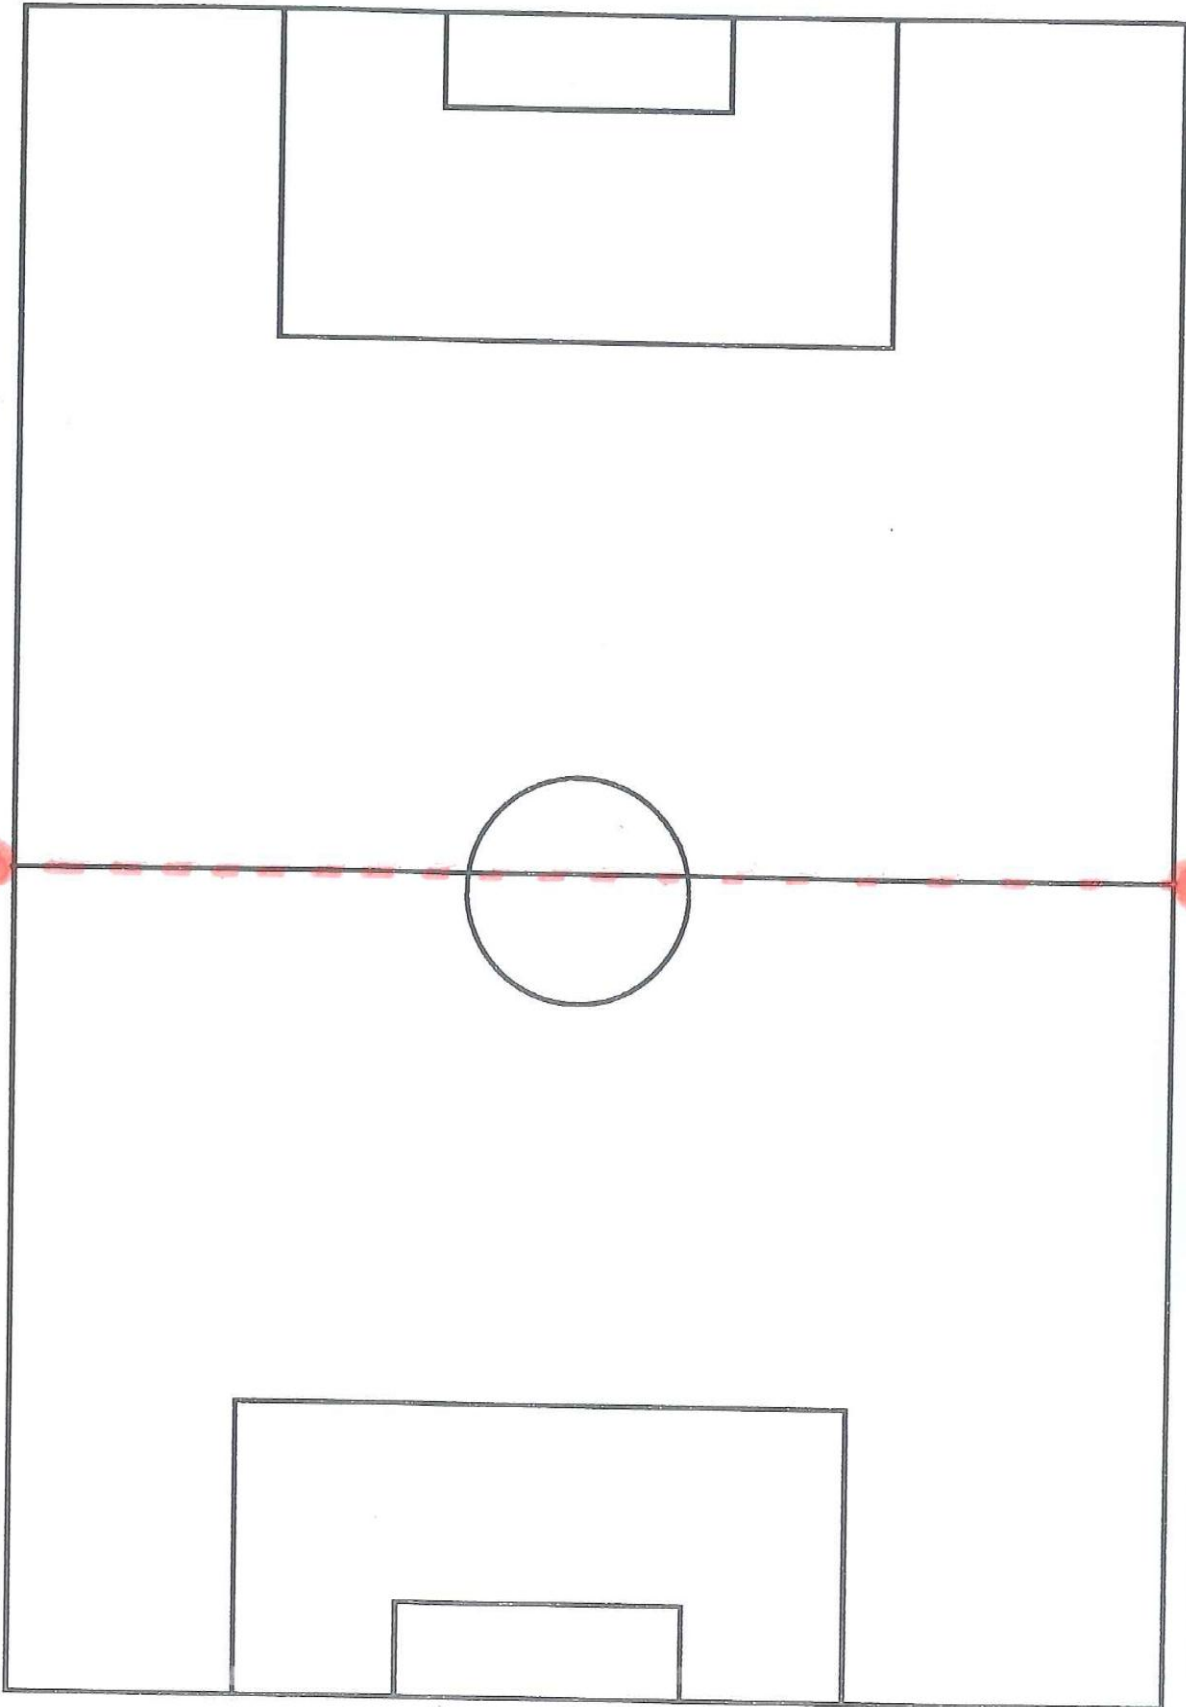

Regards
