The format is based on teams playing in equal groups with each team playing each other once. When the half time hooter sounds both teams will have a quick drink, change ends and continue the game. The format can be altered at the discretion of the Gala Day committee depending on how many teams and what divisions have been nominated for the tournament.

Point scores for each game are as follows;

- (3) points for a win or a forfeit
- (2) points for a scored draw
- (1) point for a scoreless draw
- (0) points for a loss

If a team withdraws from the round robin games after already playing games, their previous opponents will have their scores adjusted so they will receive points for a forfeit.

The top three (3) teams in each division will play in the finals. If there is more than one team with the same points at the end of the round robin then the team with the better goal difference will determine where teams finish on the table. If teams are equal on goal difference then the team with the most goals will progress. At this point if this is still equal then the team who scored the most goals in any one game will qualify. At this point if this is still equal then the team who had the least number of drawn games will progress. If still equal then a toss of a coin will decide the team to progress.

### **Semi-Finals and Finals    2 X 13 Minute Halves with (2) minute half time break**

The semi-finals and finals will be played in the following format;
